

AI Usage Log

SkillSwap — Claude (Claude Code) used throughout.

AI Tool Used	Purpose of Use	Output Generated	Student Contribution / Modification
Claude Code	Code generation — backend/frontend scaffold	Flask app, MySQL schema, routes, templates	Reviewed the scaffold and decided real auth was needed
Claude Code	Code generation and debugging — real authentication	Session-based login, hashed passwords, connect/accept flow	Approved replacing fake client-side identity with real sessions
Claude Code	Code generation — matching engine	Percent match score with plain-English reasons	Confirmed the scoring approach and category list
Claude Code	Code generation — chat feature	Floating chat widget, polling, photo/video attachments	Requested chat as a new feature
Claude Code	Code generation — Showcase feature	Photo/video posts, owner-only delete	Requested Showcase as a new feature and the delete option
Claude Code	Code generation — category system	Per-skill category column with an editable suggestion	Gave the idea; Claude implemented it
Claude Code	UI/UX suggestions — dashboard layout	Swipe-card deck prototype for Top Matches	Rejected the swipe deck; reverted to the grid layout
Claude Code	Code generation and debugging — chat bugs	Fixed input border, scroll behavior, and poll flicker	Identified the bugs through real use; Claude implemented the fixes
Claude Code	Content generation — site text	Footer attribution and page copy	Decided the exact wording and byline
Claude Code	Code generation — Connections page	Teach/learn tags shown under each connection	Requested the tags be shown
Claude Code	Code generation and debugging — detached video view	Pauses the inline video when the detached view opens	Identified the bug (video played in both places)
Claude Code	Documentation support — README	Setup steps, project structure, feature list	Corrected stale details after checking the actual code
Claude Code	Documentation support — Design, Concept, and Installation docs	Base structure for Design Documentation, Concept Documentation, and Installation Guide	Detailed the content, reviewed, and finalised
